Generally, students who are keen to apply should possess strong level of motivation and commitment to the talent areas, and in other curricular and co-curricular activities offered by the school. While achievement level and mastery in their chosen area is key, we are also scouting for students who display strong potential in their areas of choice. Our DSA talents should also have the mind-set and learning disposition to cope well with other aspects of school life in YTSS.
- All shortlisted applications will be informed to attend (i) a technical trial in the specific talent area; and (ii) an interview. The details of the technical trial will be specific to the talent area and made known to shortlisted candidates subsequently.
- Students admitted into Yishun Town Secondary School via DSA will have the opportunity to be trained and guided by professional coaches, instructors and experienced CCA Teachers in-charge. Nurturing each individual's talent area, the school seeks to provide every DSA student with quality programmes, activities and opportunities to represent the school in competitions or public performances at various platforms. Besides development in their talent area, a teacher mentor will also be assigned to guide each DSA student, providing them with the necessary supervision in their academic performance. Hence, every DSA student will be able to excel in their endeavours in YTSS.
